ENTITY RELATIONSHIP DIAGRAM

Student Course Registration System - Complete ERD

Mohamed Abdi Dirie | 4585-FOC/BSSE/F23

→ Key Improvements

- ✓ Added CourseSection entity
- ✓ Course life cycle
- ✓ Course_instructor
- ✓ Prerequisite entity
- ✓ Enrollment offering to Student
- ✓ Enrollment links Student to CourseSection offering
- ✓ Enrollment status, max_capacity, schedule details.

Project Explanation

This ERD represents a Student Course Registration System. It includes Students, Courses, Instructors, Departments, Semesters, and Enrollment records. Each entity has attributes, primary keys, and foreign keys that establish relationships between the tables.
